## WINTER IN THE ADIRONDACKS

### What's new for 2021-2022?

#### Attractions, activities, and tours:

Frontier Town Gateway - 4010 Blue Ridge Rd, North Hudson

The A-Frame site will be a launching site for visitors and a wonderful new gathering place for locals and the traveler alike. It includes a restaurant, retail, local information center, restrooms with showers, multiple meetings, and beautiful event spaces.

#### Whiteface Mountain improvements- 5021 NY Route 86, Wilmington

Of course the mountain is not new, but there are many improvements this season that will enhance your experience! The new SkyTrac quad makes beginner terrain more accessible from the Main Lodge. The Face Lift, Freeway Lift, and the Cloudsplitter Gondola all also received upgrades that will allow for smoother, faster uphill travel. Snowmaking capabilities were also improved over the summer, allowing snowmakers to reach more terrain and increase the availability of other areas of the mountain sooner.

#### Mountain Pass Lodge - Van Hoevenberg, 220 Bobsled Run Lane, Lake Placid

A brand new "basecamp" for all things Olympic and hiking related. The new lodge features two retail stores, a cafe, the trailhead to the trail up Mount Van Hoevenberg, upgraded Olympic facilities, and access to the Mountain Coaster.

#### James C. Frenette Sr. Recreational Trails - Tupper Lake

While these trails are not brand new, the lighting on them is! Cross-country skiing and snowshoeing (and fat tire biking) doesn't need to stop once the sun goes down. Two loops are now lighted.

#### Mt. Sabattis Recreation Area - Long Lake

2km of mountain biking trails were opened in October 2021. Efforts are underway to open the trails for cross-country skiing and snowshoeing this winter.

#### Oak Mountain improvements - 141 Novosel Way, Speculator

While the mountain itself is not new, there are improvements this year that will enhance your experience! The Mountain Ops team has been very busy installing a pump and snowmaking system. The new SunKid Surface Lift is installed, inspected, and ready to go! The new lift will be called the "Tree Stand." The T-bar had been named "Tree Bar" after its lift attendant Tree, so the team found it only fitting to keep "Tree" in the name, as he will be running the new lift.
