

ROOST DESTINATION MARKETING+ MANAGEMENT PLAN

2024 STRATEGY UPDATES

Supplemental Documentation for the 2023 - 2025 Destination Marketing and Management Plan

OVERVIEW

In 2023, the Regional Office of Sustainable Tourism (ROOST) unveiled a 3-year Destination Marketing and Management Plan (DMMP). The DMMP addresses the individual needs of our communities, including destination development, long-term sustainability, community housing, and workforce development. Furthermore, it outlines destination marketing priorities and strategies for the 7 regions ROOST serves.

As we approach our 2024 program of work, the 2023-2025 Destination Marketing and Management Plan will continue to guide our strategy as we focus on midweek group travel, sports tourism, and distributing the traveler geographically, while continuing to focus on — and advocate for — environmental sustainability. In conjunction with the DMMP, this "2024 Marketing & Management Strategy Update" calls out some of the key projects and initiatives for the year, some aspects of which may not be fully detailed in the 3-year plan.

REGIONAL PROGRAMMING

In addition to the key programs detailed in the "Regional Programming" section of the DMMP (pages 18-25), the following are some projects scheduled for 2024 that will have an impact on all regions.

Total Solar Eclipse

Business and community preparation leading up to and during the April 8, 2024 eclipse. Marketing messaging focused on community viewing areas and events as an alternative to backcountry locations.

Adirondacks, USA Revamp

Development and launch of a new website with a brand refresh, incorporating regional programs such as Adirondack Wayfinder, Love Your ADK, and landing pages for multi-region campaigns.

New Packages and Promotions

All websites will introduce a new content type for displaying and sorting lodging packages and business promotions. Onboarding with businesses will begin in the first quarter of 2024.

Centralized Hiking Information Platform

In addition to significant improvements in how hiking information is presented on all ROOST-managed sites, the details will be consolidated into one site for easy access.

Regional Events Calendar

Development of a new regional events calendar that pulls information from all regions.

With one-million acres of undisturbed woods, majestic mountains, cascading waterfalls, and pristine lakes, Hamilton County is big on outdoor experiences in all four seasons. This region is especially rich with lakes and myriad waterways, making Hamilton County ideal for enjoying time on the water. Adventurous travelers can enjoy whitewater rafting, snowmobiling miles of uninterrupted trails, and hiking to fire towers and waterfalls. The more casual travelers can enjoy camping in tracts of uninterrupted forest and birding in diverse habitats. Travelers can also take a step back in time to explore Adirondack history in the birthplace of the American vacation. Hamilton County was a major destination for the wealthiest travelers during the Gilded Age, leaving behind W.W. Durant's landmark Adirondack architecture and the famed Great Camps.

Intertwined with the outdoors are unique, historic towns rich with eccentric events and warm hospitality reflected in timeless general stores and quaint downtowns. Each season brings festivals celebrating everything from Adirondack art, to wildlife, to winter.

Big on outdoors and small-town charm, Hamilton County is adventure and nature, away from it all.

HUB

Communities: Minerva, Newcomb, North Hudson, Schroon Lake

Slogan: Relax, we'll be here!

BRAND STATEMENT

A legacy of mountain life is thriving beneath the Adirondacks' towering pines. Visiting our towns is like stepping back in time in a refreshingly nostalgic kind of way. Tucked among our lakes and peaks is a collection of communities that embrace their Adirondack roots while still offering modern amenities. This is a hub of all things Adirondack, and if the quaint shops, vibrant eateries, and diverse arts and culture don't pull you in, the down-to-earth hospitality and endless opportunities for outdoor recreation surely will.

The Adirondack Hub is a central launching point for year-round adventure. The four towns that comprise the hub — Minerva, Newcomb, North Hudson, and Schroon Lake — are easy to get to, and the space between them includes vast tracts of public land. These impressive and beautiful expanses of mountains, forests, and lakes are untouched by human development and waiting to be explored. Instead of billboards, travelers in the Hub will see dozens of iconic brown-and-yellow signs marking trailheads, campgrounds, and boat launches. Within this area, the Upper Hudson Recreation Hub, which also includes the towns of Long Lake and Indian Lake, has extensive offerings. Interconnected trail networks take travelers along gentle terrain to scenic ponds. More adventurous explorers can enjoy easy access to the High Peaks, where they'll find challenging ascents. Boating on one of our numerous lakes is not just encouraged, it's a way of life — but so is sharing a quiet backcountry paddle with a couple of loons. When it's time to come back to civilization a classic Main Street is waiting.
